 Water course
 Building
 Active boma
 Old boma
 Active water pump
 Temporary water pump
 Old water pump
 Uncategorised water infrastructure

Map description

Projection: WGS84 - EPSG 4326
Scale: 1:22 000 (one grid square is 1.11 km)

This is map II of III of the ILRI research farm 'Kapiti Ranch' in 2018.

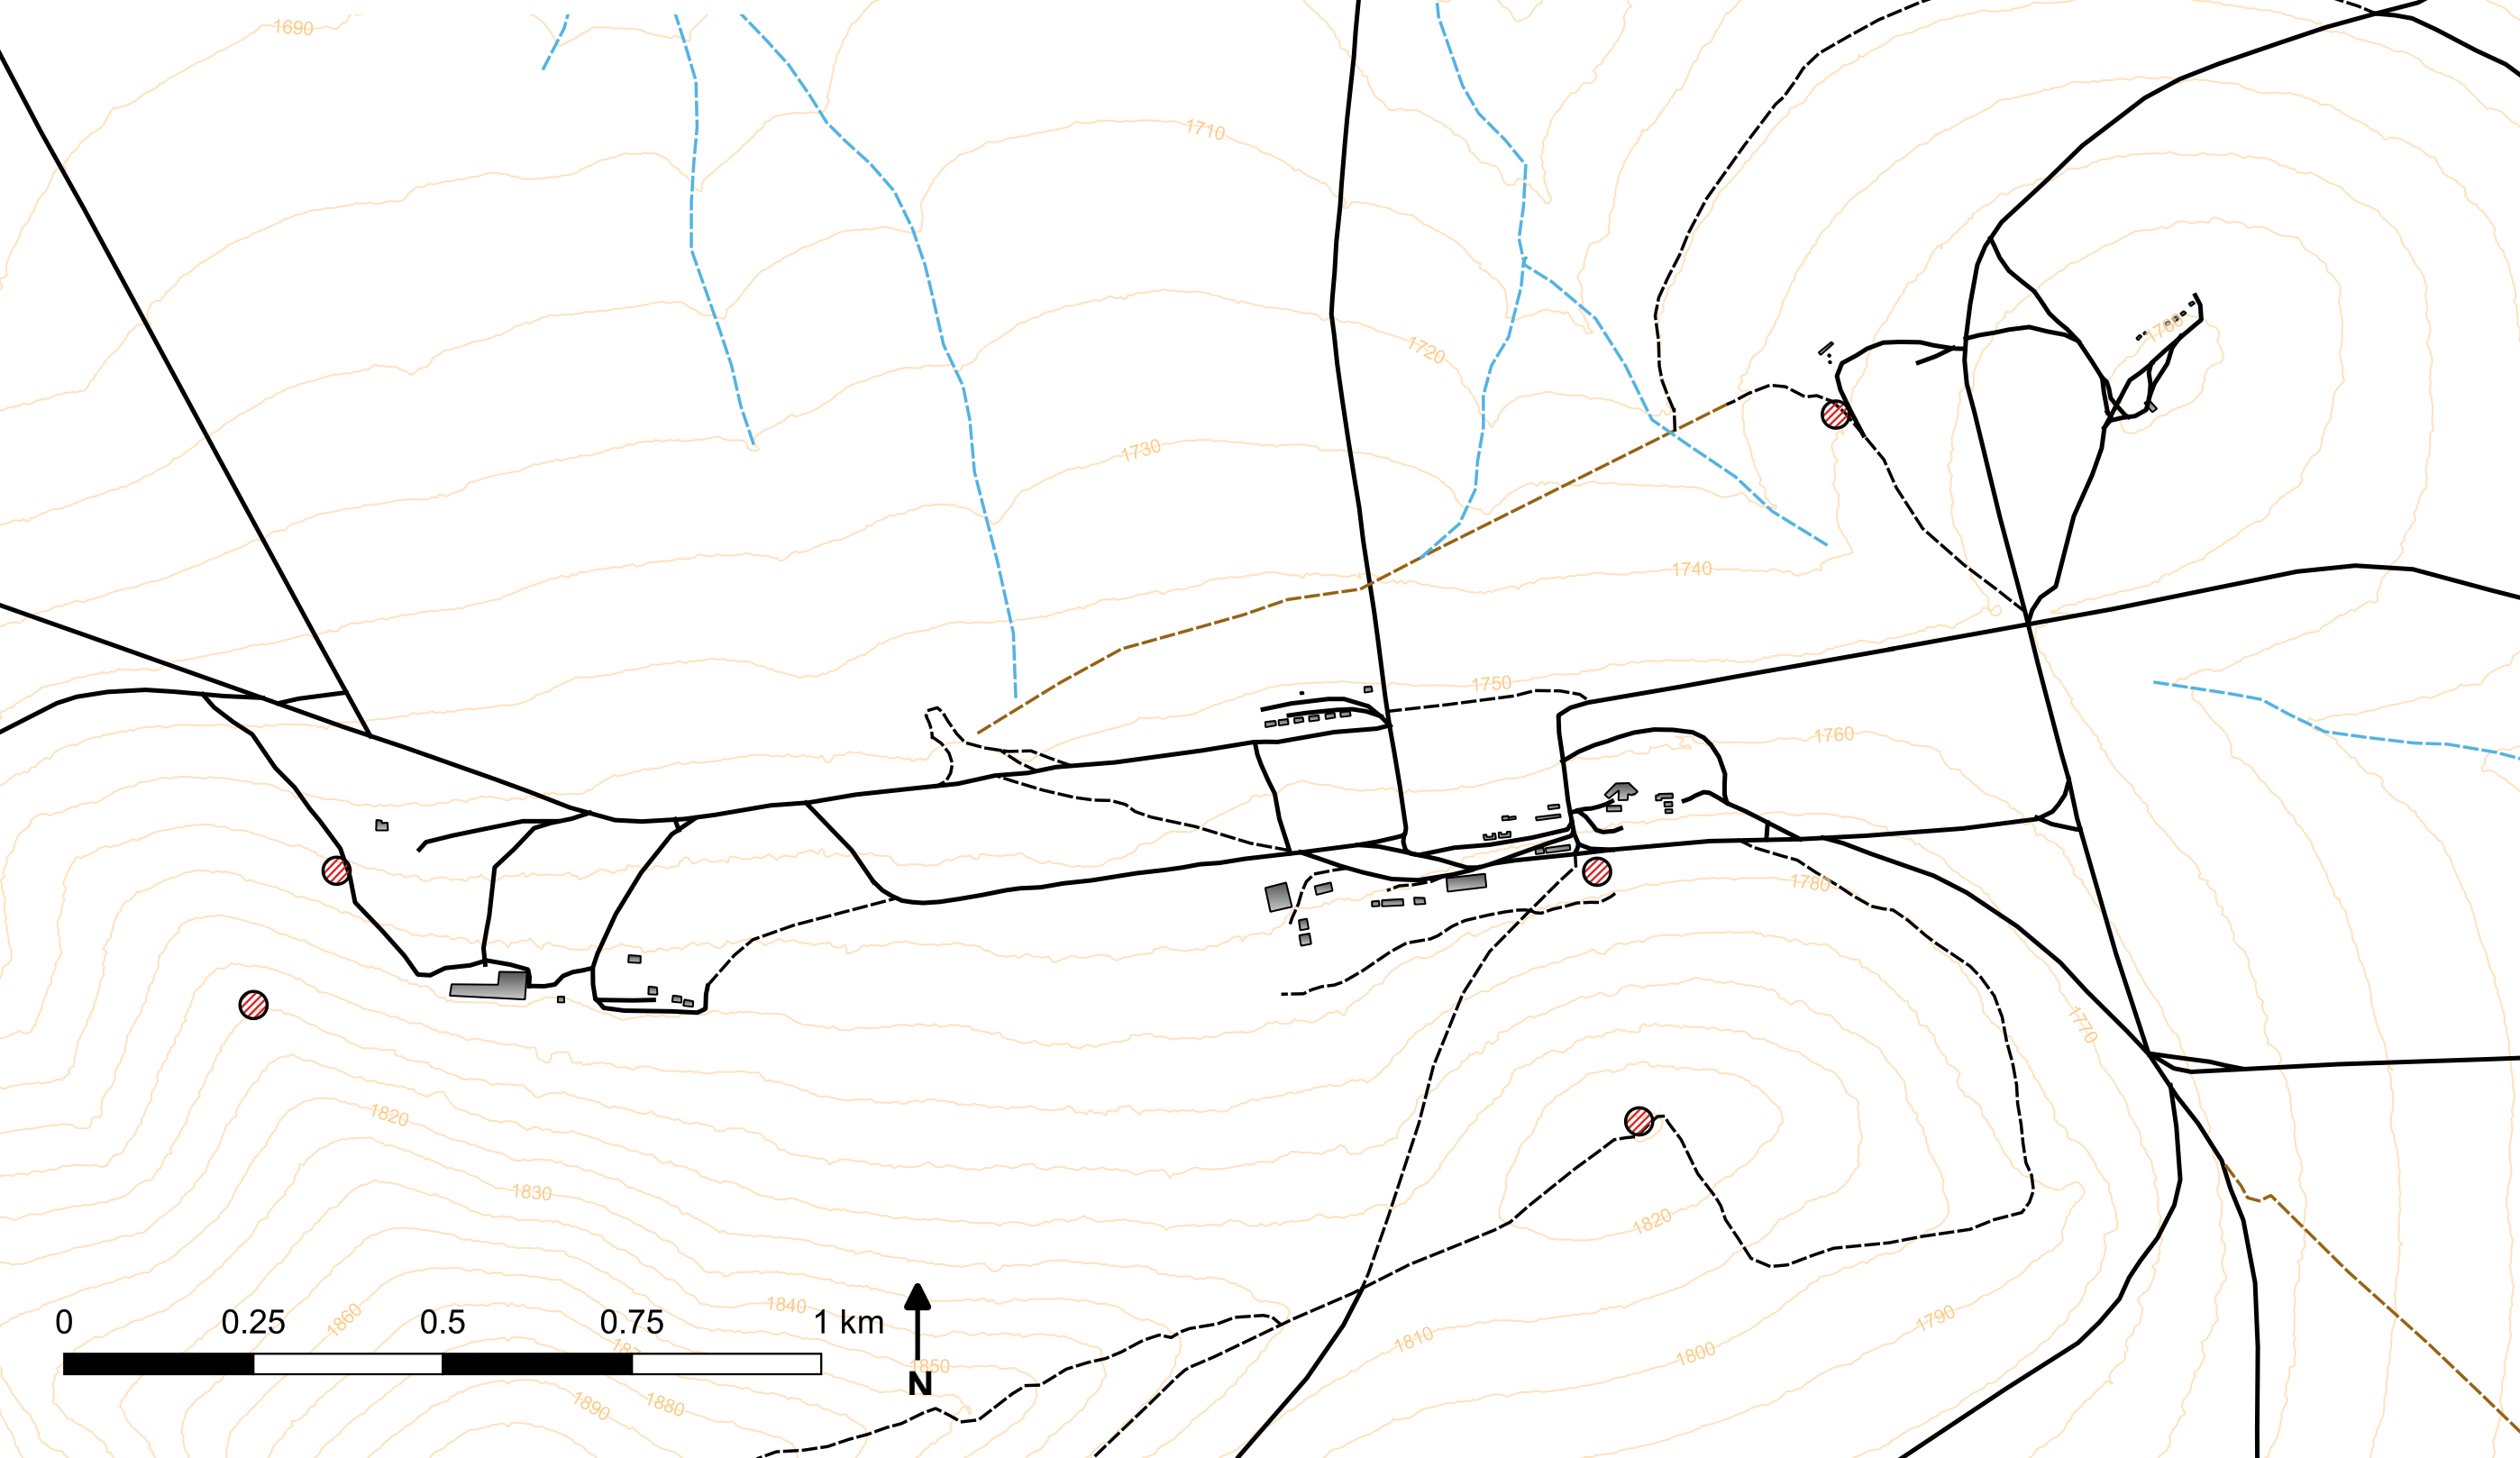

Map II presents a navigational view of the farm.

Mapping was carried out on aerial photos taken in 2014 and then updated using high resolution satellite images captured in 2018. Watercourse mapping was carried out using a LiDAR derived digital terrain model also captured in 2014. Note that only within the farm borders is fully mapped. The area around the borders is given for context but not fully mapped. Place names and farm contextual information provided by ILRI staff in early 2019. Thanks in particular to Ilona Gluecks, Francesco Fava, Lutz Merbold, Sonja Leitner, and Jason Sircey.

Primary map: Kapiti ranch
Inset map (1): Kapiti central farm buildings and accommodation area (1:9 000)
Inset map (2): The area around the satellite data validation masts (1:12 000).
